

BI-LED HEADLIGHT Ø144 mm

Innovative
four-functional
headlight Next5

To meet our customers' requirements, we created a headlamp only 5.75 inches in size. Offering tremendous possibilities.

How does the 5.75 inch headlamp impress?

+ APPLICATION:

From light commercial vehicles and special vehicles to certain motor-cycle models.

+ FUNCTIONALITY:

4 light functions: low beam, high beam, daytime and position (thanks to the use of innovative optical fibre).

+ DESIGNEM:

The 5.75-inch headlamp combines perfectly the compactness of the housing with a sophisticated design.

CATALOG NUMBER

OEI182003532
